LA GRAN PLAZA

DE FORT WORTH

SHOPPING MALL

La Gran Plaza is a unique mall located on the north side of Seminary Drive between I-35W and Hemphill in the growing City of Fort Worth. The mall has undergone massive renovation with millions of dollars and countless effort poured into the project, to create a Mexican themed regional shopping mall reminiscent of a small Zócalo, a town square where friends and family gather. The multi-use facility offers retail space, office space and padsites for any business that wants to grow with the largely expanding diverse market of Fort Worth.
